MUSTAFA ZAAREER

SOFTWARE ENGINEER

Um-Elsharait, Ramallah, Palestine | 323mustafa2rz@gmail.com | +(970) 59 504 1725

SUMMARY

A dedicated and motivated software engineer with a strong passion for learning and professional growth in the field of software development. Experienced in backend web development using Node.js with the Express framework, and capable of building backend applications using ASP.NET with the ASP.NET Zero framework. Possess a solid understanding of object-oriented programming (OOP) principles and a good grasp of basic wired and wireless networking (OSI layers 1 and 2).

Additionally, have hands-on experience in UI/UX design using tools such as Figma, Miro, Canva, and Adobe Illustrator. Recently completed an investment fundamentals course covering financial markets and portfolio management concepts, including stocks, ETFs, index and mutual funds, stock exchanges, portfolio construction for both passive and active investing, portfolio rebalancing, tactical asset allocation, and the fundamental concepts of bonds.

Always eager to explore new technologies and committed to building a successful and impactful career in software development and technology.

PROFESSIONAL EXPERIENCE

Astra For Telecommunications & Internet Services **December 2023 – August 2025**

- Supervise and lead both the Technical Support and Customer Care departments to ensure efficient operations and high-quality service.
- Install and maintain LAN, WLAN, and P2P/P2MP network infrastructure for clients.
- Configure, monitor, and troubleshoot routers and switches to provide stable internet connectivity for both wired and wireless users.
- Perform regular network maintenance and resolve connectivity issues promptly.
- Serve as the primary content coordinator for the company's SpaceTV IPTV project, overseeing content planning and management.

Experts,Ice Cube **September 2025 – November 2025**

Completed a full-time training program at the Experts building, in the Ice Cube company office, focusing on backend software development using the ASP.NET Zero framework. Gained practical experience with various ASP.NET Core concepts, including Swagger, background jobs, SignalR, and webhooks.

PROJECTS

- Human Resources Management System (*Graduation Project*)
  - Developed the backend for a Human Resources Management System for Al-Muttahida Steel Manufacturing Company using Node.js, Express, Sequelize, SQL, Git, and JavaScript.
- E-commerce Backend Application
  - Built a full-featured backend for an e-commerce platform using Node.js, Express, Mongoose, MongoDB, Git, and JavaScript.
- HR Management System (Training Program Final Project)
  - Rebuilt the graduation project as part of the Express & AWS Training Program, utilizing Node js, Express, TypeORM, SQL, Git. and TypeScript.
- Task Planner Mobile App
  - Developed a mobile application titled Task Planner as the final project for the Mobile Application Programming course using Flutter and Dart.

PROGRAMMING LANGUAGES

- Strong knowledge: JavaScript, C++,C#
- Good knowledge: TypeScript, Java
- Basic knowledge: Dart, PHP

COURSES AND ACHIEVEMENTS

Express & AWS Training Program – Gaza Sky Geeks **300 Hours**
Khaldoun Khaled & Khaled Ezzughayyar

Node.js – The Complete Guide (MVC, REST APIs, GraphQL, Deno) **40 Hours**
Maximilian Schwarzmüller

Node.js – Build a Full E-Commerce RESTful APIs (Arabic) **33 Hours**
Ahmed Boghdady

JavaScript Essentials Courses **30 Hours**
Anjana Vakil & Will Sentance & Kyle Simpson

Complete Investing Course (Stocks, ETFs, Index/Mutual Funds) **11.5 Hours**
Mohsen Hassan

EDUCATION

Bachelor Degree in Computer Science **Sep 2019 - Sep 2023**
Palestine Polytechnic University

High School Certificate **Sep 2016 - Sep 2019**
As-Samu' Secondary School

ADDITIONAL INFORMATION

- **Languages:** Arabic, English.
- **Certifications:** Bachelor Degree in Computer Science , Express & AWS Training Program By Gaza Sky Geeks , Certificate of work experience from Astra Company.
